

Quest Academy Prohibition of Dual Enrollment

The purpose of this policy is to articulate Quest Academy's position on dual enrollment for private school and home schooled students. Notwithstanding Utah Code Ann. § 53A-11-102.5, which allows students enrolled in a public school to be dually enrolled in a private or home school, Quest Academy (QA) shall NOT allow dual enrollment of students enrolled in a private school or home school.

Furthermore, in an effort to provide maximum opportunity to students enrolled at QA, students enrolled in a private school or home school will not be eligible for participation in extracurricular activities, special services, or any other program sponsored, administered, or otherwise paid for by QA.

A handwritten signature in black ink that reads "Brandy Beckman". The signature is written in a cursive style with a long, sweeping flourish at the end.

Brandy Beckman - QA Board President
